ABC Amber VCard Converter Activation Free Download (Final 2022)

ABC Amber vCard Converter is a simple-to-use application which facilitates conversion from vCard files (VCF format) to PDF, CHM, HTML, RTF, HLP, TXT (ANSI or Unicode), DOC, and others. It mainly caters to novice users. Clear-cut and non-obtrusive GUI The interface is based on a plain window, where you can load vCard items into the list using the file browser or folder (drag-and-drop is not supported). ABC Amber vCard Converter shows vCard file content in the primary panel and allows you to select the preferred fields, as well as print the list of contacts. The app can be minimized to the system tray area during conversion. Generate a table of contents, set bookmarks and edit PDF parameters Plenty of settings can be configured for this tool. To be more precise, you can ask it to open the document after conversion, generate a table of contents in the output file, automatically select all contacts, hide the format panels, start each constant on a new page, and include the number of the contact in the output file. In addition, you can use separators, associate the tool with the VCF format, enable page numbering mode, set the bookmark name based on the full name, job, email or company, edit PDF properties (e.g. document information, password, page), and more. To conclude The application carries out tasks quickly while using low CPU and RAM. It has a good response time and delivers fair results. No error dialogs have been show in our tests, and the program did not hang or crash. On the downside, ABC Amber vCard Converter has not been updated for a pretty long time. All in all, we ca safely say this is a useful and pretty reliable piece of software, dedicated to all types of users due to its clean interface.
